Principles and Techniques in the Teaching of Anatomical Sciences
Level: Graduate Anticipated Enrolment: 16

Over all terms
Revise ANAT 417 Mammalian Embryonic Development
Supervise/Co-supervise MSc in Anatomical Sciences student thesis projects

Qualifications for the Appointment: Ph.D. in relevant field. As a number of these courses are being offered in online and blended formats successful candidates will also: have regular access to high speed internet and a computer that meets current specifications, be willing to take an active role in delivering the course and communicating regularly with students, be open to learning how to use new technologies in order to be effective in the virtual environment, be flexible in terms of availability, which may include offering online office hours via the web at times outside of the regular 9-5 work week, be willing to provide students with timely and constructive feedback on OnQ and be comfortable with working in a partnership in the delivery of the course.

Individuals interested in applying for this term adjunct teaching position should submit an application by August 9, 2023. The application shall include a complete and current curriculum vitae (CV), any other materials the applicant wishes to submit (such as a teaching dossier, teaching philosophy, teaching assessments), and the names of two referees who may be contacted.

Applications should be submitted to:

Dr. Lynne Postovit, Professor and Head
c/o dbmsrecruit@queensu.ca
Department of Biomedical and Molecular Sciences
Botterell Hall, Rm 563
Queen’s University

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/permanent residents of Canada. Applicants need not identify their country of origin or citizenship, however, all applications must include one of the following statements: “I am a Canadian citizen/permanent resident of Canada”; OR, “I am not a Canadian citizen/permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Posting Date: July 25, 2023
