Term Adjunct Teaching Position Available  

(2023-24 Winter Term)

Applications are invited for a Term Adjunct to teach (100%) of a blended format course entitled:
Fundamentals of Health Research Methodology (HSCI 270)

Course Content: equivalent to 36 Lectures
Course Level: Second Year
Location: On-Campus
Anticipated Enrolment: 110+

Qualifications for the Appointment: PhD in relevant field with at least two years of post-doctoral experience or the equivalent relevant to the field of instruction. As this course is being offered in a blended format successful candidates will also: have regular access to high speed internet and a computer that meets current specifications, be willing to take an active role in delivering the course and communicating regularly with students, be open to learning how to use new technologies in order to be effective in the virtual environment, be flexible in terms of availability, which may include offering online office hours via the web at times outside of the regular 9-5 work week, be willing to provide students with timely and constructive feedback on OnQ and be comfortable with working in a partnership in the delivery of the course.

Individuals interested in applying for this term adjunct teaching position should submit an application by October 19, 2023. The application shall include a complete and current curriculum vitae (CV), any other materials the applicant wishes to submit (such as a teaching dossier, teaching philosophy, teaching assessments), and the names of two referees who may be contacted.

Please submit your application to:
Dr. Lynne Postovit, Professor and Head
c/o dbmsrecruit@queensu.ca
Department of Biomedical and Molecular Sciences
Botterell 563, Queen’s University

The University invites applications from all qualified individuals. Queen’s is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: “I am a Canadian citizen / permanent resident of Canada”; OR, “I am not a Canadian citizen / permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Posting Date: October 5, 2023
