Term Adjunct Teaching Position Available
(2023-24 Fall and Winter Terms)

Applications are invited for a Term Adjunct to develop
and teach online format lectures for
Foundational Basic Sciences
Queen’s Family Medicine Lakeridge Health MD Program (QFMLHMD)

Course Content: equivalent to 36 Lectures
Course Level: First-Year Medicine
Location: Online
Anticipated Enrolment: Less than 15

The curriculum at QFMLHMD has integrated biomedical sciences into multiple clinically oriented courses over the academic year. The goal of the program is to prepare students to be excellent family physicians, and the curriculum is purposely designed for this. Students will learn through cases, supported by family medicine tutors in small groups, in an enquiry-based learning approach. In Year 1, they will learn about common reasons why individuals seek care from family physicians, and the curriculum is organized around the human life cycle, and the common diagnoses that are associated with these presentations.

The successful candidate will be responsible for creating and compiling learning resources for students in the courses noted above, and for providing virtual, synchronous sessions approximately every 2 weeks to answer student questions, and/or provide reinforcing tutorials. They will contribute exam questions to course examinations and mark assignments and short answer questions where appropriate. They will liaise regularly with the curricular team for QFMLHMD as the program is being developed to ensure students are meeting objectives. The Instructor will be responsible for overseeing all of these resources and for the synchronous sessions, although guest lecturers and visiting speakers are welcome.

Qualifications for the Appointment: PhD in relevant field. The successful candidate will also: have regular access to high speed internet and a computer that meets current specifications, be willing to take an active role in delivering the course and communicating regularly with students, be open to learning how to use new technologies in order to be effective in the virtual environment, be flexible in terms of availability, which may include offering online office hours via the web at times outside of the regular 9-5 work week, be willing to provide students with timely and constructive feedback on OnQ and be comfortable with working in a partnership with teaching assistants and others in the delivery of the course.

Individuals interested in applying for this term adjunct teaching position should submit an application by August 14, 2023. The application shall include a complete and current curriculum vitae (CV), any other materials the applicant wishes to submit (such as a teaching dossier, teaching philosophy, teaching
Applications should be submitted to:

Dr. Lynne Postovit, Professor and Head
c/o dbmsrecruit@queensu.ca
Department of Biomedical and Molecular Sciences
Botterell 563, Queen’s University

The University invites applications from all qualified individuals. Queen’s is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: “I am a Canadian citizen / permanent resident of Canada”; OR, “I am not a Canadian citizen / permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.
